Parent Name: Sandra Berry Parent Signature: Sandra Berry

COMMENT / TESTIMONIAL FROM STUDENT OR PARENT:

I really had fun with Achieve HighPoints, and I learned a lot from Achieve HighPoints. With this program teaching me about mathematics, I am going to the 7th grade. Achieve HighPoints taught me about how to add & subtract fractions, and it also taught me how to count up in cross multiply. I really love this program. 📚

Thank you,

My daughter has learned a lot from this program. Sometimes when I had to help her with some of the problems, it also helped me. She and I learned together. Thank you so much.
